Profile	The Gibraltar Area Schools are a PK-12 district of approximately 600 students located in northern Door County. Our schools offer small class sizes and a full array of academic, activity, arts, and athletic programs, with an emphasis upon college preparatory education. More than ninety percent of Gibraltar grads matriculate to college-level classrooms. Gibraltar's parents and residents have a strong history of personal and economic support for public education. Our schools sustain very low student-teacher ratios in well-equipped classrooms, labs, and media centers that are free from many of the distractions that can impede student learning.		

Our communities offer extraordinary living in small villages, towns, and woodlands between the Bay and Lake Michigan. Education is what will make a qualitative difference in each student's life. A Gibraltar education will make a significant difference.
